Background information

What is farm to school?

Generally understood to include efforts that connect schools with local or regional producers in order to serve local or regionally produced foods in school cafeterias.

In addition to procurement activities, also includes food, agriculture and nutrition-based efforts that span a whole host of experiential activities such as:

- School gardens;
- Field trips to local farms;
- Cooking classes;
- Science lessons taught using agricultural crops, etc.

USDA

Authority

Authority for this grant program comes from the Healthy, Hunger-Free Kids Act of 2010 (HHFKA), which amended Section 18 of the Richard B. Russell National School Lunch Act (NSLA) to establish a farm to school program.

Purpose

To improve access to local foods in eligible schools through grants and technical assistance.

Agency

The USDA Food and Nutrition Service (FNS) is charged with implementing the farm to school program.

Authority and purpose

USDA

Local?

Yours to define.

Competitive Grants For:

» Training;

» Supporting operations;

» Planning;

» Purchasing equipment;

» Developing partnerships; and

» Implementing farm to school programs.

USDA context

Integrated

Best when an integrated approach is taken where cafeteria changes are supported and reinforced throughout the school learning environment.

Inclusive

As it relates to procurement, inclusive of many types of food producers, such as farmers, ranchers, and fishermen, as well as many types of food businesses, including food processors, manufacturers, distributors, and other value-added operations.

Ultimate vision

American school children have regular access to regionally sourced foods. School cafeterias championing U.S. agriculture and proudly promoting regionally sourced foods that meet or exceed school nutrition standards are the norm, not the exception.

USDA Context

USDA

Who can apply?

- Eligible schools (K-12 School Food Authorities (SFA's) that participate in the National School Lunch or Breakfast program);
- State and local agencies;
- Indian tribal organizations;
- Agricultural producers or groups of agricultural producers; and
- Non-profit entities.

For what kind of project?

Funding is intended only for those projects that will ultimately benefit children in grades K-12 served through the National School Lunch and Breakfast Program.

General eligibility requirements

USDA

NOT eligible as lead entity:

- Institutions of higher learning;
- Cooperative extension service;

  My university is a non profit 501.c.3 – still not eligible
  My extension program is a state agency – still not eligible

- Individual parents, individual teachers;
- Hospitals.

Ineligible project types:

- Pre-school or head start programs;
- Adult care programs.

General eligibility requirements

USDA

Three Types of Grants
- Planning grants (March 5, see website for more info)
- Implementation grants (TODAY'S TOPIC)
- Support service grants (March 7, see website for more info)

Distribution of awards
- Planning grants will represent approx. 25% of total grant funding
- Implementation and support service grants will represent approx. 75% of total grant funding
- USDA will seek to ensure geographical diversity to the extent possible

How many projects can I apply for?
- You can serve as the lead on only one application. You must choose between submitting a planning grant or an implementation grant, and in either case, may only submit one application.
- You may be listed as a collaborator or partner on more than one application.

Implementation grants

Implementation Applications
- Funding range = $65,000 - $100,000
- 1 – 2 years
- Only 10% of the budget can go toward food costs (and only educational uses of food)
- 25% match is required

Important Dates
- Application Deadline: Midnight EST, April 24, 2013
- Award notices: Early FY 2014

Applications must be submitted on grants.gov
- Feb. 27, 2013 presentation slides are archived on the USDA Farm to School website

The basics

Intended to

Help scale or further develop existing farm to school efforts.

Intended for

School districts or schools that are already operating farm to school programs where partnerships are established and early successes have accrued.

Who can apply?

K-12 SFA's, nonprofit private schools, charter schools, Indian tribal schools, others in National School Lunch or Breakfast Program.

Do we have to be participating in the National School Lunch & Breakfast Program?

YES.

Intent and who can apply

USDA

Multi-district Submissions

In addition to individual submissions, USDA will consider submissions where a USDA investment might impact multiple SFA's and thus a broader geographic range than any one SFA might cover.

In this scenario, one lead SFA that is collaborating with multiple SFA's.

Intent and who can apply, cont.

USDA

Activities such as:

- Bringing more value-added, minimally processed, regionally sourced meal components into the cafeteria;

- Solving distribution bottlenecks that limit the feasibility of sourcing more regionally produced items;

- Augmenting local food offerings by canning, freezing, storing or otherwise processing seasonal items for later use;

- Expanding farm to school programs beyond lunch to bring local or regional products into breakfast, snack, afterschool or dinner programs;

- Forming a buying group with other districts to increase purchasing power related to local foods;

- Conducting training of food services staff to augment skills related to food prep, safe handling and storing, etc.;

- Establishing new or strengthening existing community partnerships (e.g. working with culinary schools on training or menu development; partnerships with extension personnel to identify appropriate suppliers, etc.);

- Encouraging increased consumption of fruits and vegetables through promotional activities, taste tests, and other activities;

- Expanding experiential or agriculture-based learning opportunities, such as creation of school gardens, support to agriculture or food clubs, or increased exposure to on-farm activities;

- Developing integrated curriculum to reinforce food and nutrition-based learning throughout the school environment;

- Creating communications and outreach efforts that promote cafeteria changes and increase participation rates; and,

- Strategic planning efforts to expand or coordinate efforts across multiple districts.

Allowable activities

Implementation Grantees will be required to:

- Participate in an orientation webinar and periodic webinars throughout the course of the Implementation grant.

- Attend one face-to-face meeting, possibly timed to coincide with a national conference that provides exposure to farm to school best practices and networking opportunities. (Applicants must include travel costs for at least one project representative, preferably the project director, in their grant budgets to attend this meeting.)

- Complete standardized evaluation activities as determined by USDA.

Requirements and T&TA

USDA

Evaluation and Impact

Grant recipients shall agree to cooperate in an evaluation of the program carried out using grant funds. Upon selection of grant awardees, USDA will provide further guidance and direction regarding evaluation protocols and common indicators.

Applicants should expect that evaluation protocols will include both process evaluations and outcome evaluations.

What to include in your application

- How do you plan to evaluate your success in accomplishing key activities and achieving end results or impacts?
- Who will be responsible for data gathering and evaluation?
- To what extent do you have experience conducting process evaluations and to what extent do you have experience conducting outcome evaluations?

Evaluation

USDA

Free or Reduced Price Meals

HHFKA mandates that <u>priority consideration</u> be given to schools or school districts serving a high proportion of children who are eligible for free or reduced price meals.

Need a high percentage to apply?

No!

Priority Consideration

The selecting official will take into account the free and reduced price meal eligibility rates, but extra points will not be assigned in FY 2014.

Priority Considerations

USDA

MUST Have
- Evidence of existing community support
- Minimum of 3 letters of support detailing the degree to which your F2S efforts are supported by external partners
- 25% match of total project cost, in form of cash or in-kind contributions
- Will be deemed ineligible without three letters of support or without complete application materials submitted to grants.gov

ENCOURAGED to Have
- Funded collaborations where a USDA investment would be additive or readily leveraged
- Supply chain partnerships with regional producers, processors, manufacturers or distributors
- Evidence of F2S program maturity and/or success to date
- Submissions that reach more than one school are preferred
- Projects that include a focus on innovative procurement strategies are preferred

Implementation Grants: Budget

USDA

For each line item, provide full details, such as:

- ➢ Salaries – By position, identify position title, percentage of time or hours dedicated to the project, and job duties.
- ➢ Travel – Identify number of trips, number of staff traveling, average cost per trip, purpose of trip(s), mode of transportation.

Sub-award: provide the following information:

- ➢ If known, identify the sub-awardee (partner)
- ➢ Describe the activities including the related costs that the sub-awardee will perform
- ➢ Basis for the calculation of those costs

Be sure to provide an explanation as to how the line item amounts were derived; i.e. provide the calculations of the line item amount. Ex: Salary = $5000 ($50per hr x10hrs per day x 10wks).

Line item budget narrative

Indirect costs are those costs benefiting more than the proposed grant project, such as utility costs for the project location, salary costs for the payroll clerk, etc.

» If claiming indirect costs, provide negotiated indirect cost rate approval letter

» An applicant may propose indirect costs within their budget proposal without an approved rate. However, if a proposal is recommended for funding, an indirect cost rate proposal must be submitted prior to the award.

Indirect costs

USDA

MUST provide

A 25% match of total project cost from non-Federal sources

- Include a description in the budget narrative and identify the entity who will be providing the support

Examples

- **Cash** – salary paid to an employee of the partner organization for project related activities
- **In-kind** – value of loaned or donated equipment, based on fair market value or value of volunteer time spent on project activities.
    - Hourly wages should be based on the current wage rate in the community

Documentation of Matching Funds

- Accounting records that support actual expenditures
- Time sheets of volunteer hours worked
- Documentation of the value of loaned or donated equipment, such as an invoice, property records, etc.
